# 1 . Create a component :

The screenshot displays the Jira Software interface for the 'Banking software' project. The left sidebar shows the project navigation menu with 'Components' selected. The main content area is titled 'Components' and features a search bar and a table of existing components.

Component	Description	Component lead	Default assignee	Issues	
Frontend			Project default	5 issues	...
BackEnd			Project default	5 issues	...

A 'Create component' button is located in the top right corner of the main content area.

At the bottom of the screen, the Windows taskbar shows the system tray with the date and time: 09:49, 24-09-2022.

# Plan the version with release date :

The screenshot shows the Jira Releases page for the 'Banking software' project. The left sidebar contains navigation options: Backlog, Active sprints, Reports, Issues, Components, and a DEVELOPMENT section with Code, Releases (selected), Project p..., Add shortcut, and Project settings. The main content area is titled 'Releases' and shows a table of unreleased versions. A 'Create version' button is in the top right.

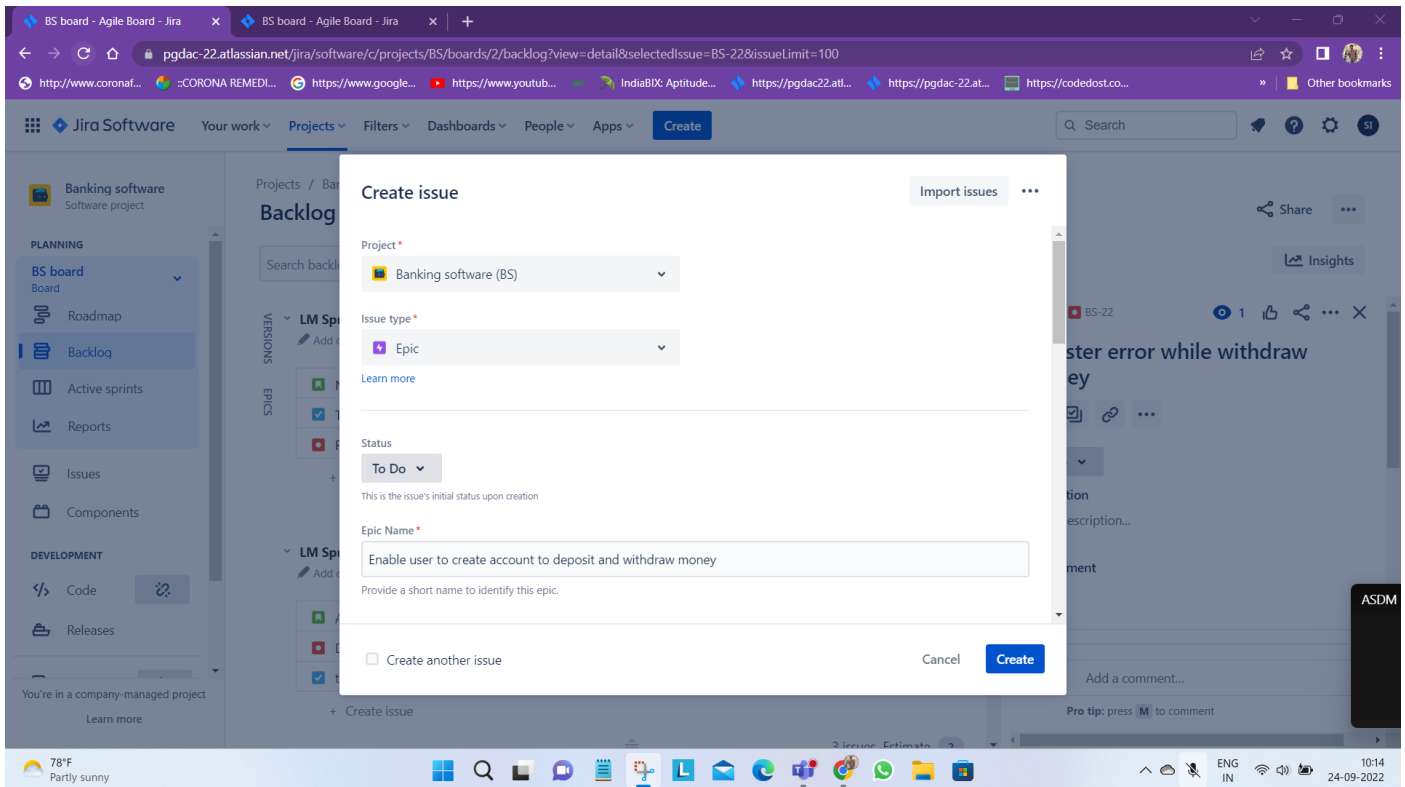

Version	Status	Progress	Start date	Release date	Description
